Spring at Oak Tree

Prayer is both our deepest longing and sometimes the most discouraging aspect of our walk with God. I am convinced that prayer should be what brings joy, peace and freedom as we commune with a Heavenly Father. It was never meant to be simply a duty or even worse something we associate with drudgery or guilt. So how can we pray better?

Every Christian I have ever talked to about this subject has confessed to feeling like a beginner. We have so few living guides it would seem, but we do have the bible and the Holy Spirit. I am convinced that nothing is impossible when it comes to what God can do through a people of prayer who follow Christ as Lord!
